February 2013.

Greetings all,

We wish you all a very Happy New Year!!

Even as 2012 came screeching to a halt, it felt, as nothing seemed to actually stop or slow down as 2013 arrived so suddenly. We are very grateful to our customers for a great past year...

We ended last year finalizing four truly amazing and large new tent designs for a client of ours in the UAE. These tents will range from 116 sqm (1249 sq ft) to a whopping 1165 sqm (12,540 sq ft) in size. This Middle Eastern project will become a very unique luxurious private lodge in the desert dunes and will be set up in three stages, starting in late January 2013. As this project will be going on for a few months, we will update you all with as much graphic news as what we can as it evolves. We have developed this project from the ground up along with our Associate Architect, Mr. Patrice Belle. We are also supplying this client with stone bathtubs, hewn from natural Bali Stone.

Natural Bali Stone Bathtubs

This project will include one large VIP Villa, 2 x Two-Bedroom Suites, 10 x One-Bedroom Suites and a large Reception/Restaurant Tent. As the site is in a sand desert, our client, who is an expert in desert reclamation, will create all the vegetation and water ponds.

The picture below was taken last year during our site inspection and shows the initial earth moving work.

Also late last year we were in the Darien Province of Panama starting the setup of yet another unique luxury birding camp for [Canopy Towers](#) owned by our client and very good friend, Raul Arias. The camp will open sometime in March and they are currently in the process of setting up their remaining tents.

Raul's Canopy Tower is quite famous around the world for its unique setting and exquisite bird watching opportunities, aided by his very professional, loyal and knowledgeable staff. The Canopy Tower Family also includes the [Canopy Lodge](#), [Canopy Adventure](#) and Canopy [B&B](#).

This shy but beautiful sloth was watching (maybe supervising) us during the tent setup

The first tent going up at Canopy Camp in Panama

Canopy Camp is about 4 hours by road from Panama City in the direction of Colombia, the site is truly beautiful with mountain slopes and lazy river with pure fresh water snaking its way through the property. Birds and wildlife abound in the area and the locals are friendly and fun to visit with. The area is safe for visitors and Raul's guides are truly highly knowledgeable and great people.

Opening in April 2013 ~~ Of all the locations in the world where we have set up tents, Sandat Glamping is one of the more unique and beautiful locations. On the island of Bali and close to the town of Ubud, Sandat Glamping has 5 Kingfisher tents nestled between the rice paddies and tropical forest overlooking a peaceful river valley. Each tent is located in an exclusive private area with an infinity plunge pool on a beautiful mahogany deck and Emanuela Padoan herself, the owner of Sandat, has personally selected all the tent interiors.

Together with her husband Federico, one will not find a more attentive and hospitable couple that will make your visit not only a joy but also an experiential journey. Together with their extremely friendly staff, they all personally assisted with the physical setup of each tent.

A visit to Sandat, will be an experience long remembered leaving one with only a yearning to return. Emanuela can be reached with early inquiries at

info@viacanonici.com

Emanuela and Federico also own and operate the very well known [Glamping Canonici di San Marco](#) near Venice in Italy.

In closing, we share a few pictures from the Sandat setup:
